Known as a small company but highly capable to provide quality and to accomplish your requirements. Our goal is your contentment.

We invested throughout the years in the technologic development of our production to meet the quality and the standards these modern times demand.

We are thriving because we seek to grant complete fulfilment and therefore earn our customers, suppliers and collaborators trust.

Fundada na viragem do século, a Gramondim começa o seu percurso com duas pessoas nascidas e criadas no ambiente da arte de trabalhar a pedra.

Somos uma pequena empresa, mas somos grandes na oferta da qualidade e na capacidade de entregar o que você procura. A sua satisfação é o nosso objectivo.

Investimos no desenvolvimento tecnológico de produção para oferecer produtos com a exigência e a qualidade que os tempos modernos exigem.
